VERSE 1

When Jesus is in the room
Every tear, every fear is wiped away
The walls we've built so long no longer stay
That's what happens
When Jesus is in the room

VERSE 2

When Jesus is in the room
There's a peace that I never thought I'd know
You're making it so easy to just let go
That's what happens
When Jesus is in the room

CHORUS

So open up the gates
Be enthroned upon the praises of your
People in this place
We're ready for you to move

So come let the light in
I will open my mind
For miracles, signs, and wonders
That's what happens
When Jesus is in the room

VERSE 3

When Jesus is in the room
His fullness of joy is finally found
We join with all of heaven to make a sound
That's what happens
Jesus is in the room

BRIDGE

Everything I've ever wanted is here right now
And his name is Jesus
Lord We welcome you in and join with heavens
sound
We lift the name of Jesus
(REPEAT x3)

TAG

We lift the name of Jesus
We lift the name of Jesus
Oh we welcome you Jesus
We lift the name of Jesus
