

Covering [Lyrics]

[Bridge and Chorus Only] by Dom Demeo

Verse 1

I look around and
I See what You've done
And every miracle
And all the times
I Thought I was done
You gave me a brand new life

Misc 1

(Pre-Chorus)

So I thank you
For every single breath and every single word
So I thank you
Who knows where I would be without your hand

Chorus 1

May I never know what it is like to live without
Knowing how the still small voice sounds
Speak over me
May I never know what it is like to take a step
Without knowing it is guided by your lamp
The light that always leads me home
May I never leave the covering of God

Verse 2

And though there's sorrow
And though there's heartache
You turned it all for my good
For you have promised
That when I walk through fires
Oh I'll never be burned

Misc 2

(Bridge)

Ask and you shall receive
Knock and the door be opened
Seek me and you will find
That's the promise of the covering

(REPEAT)

Misc 3

(TAG)

It's the promise of the covering
It's the promise of the covering
The promise of the covering
It's the promise of the covering

Covering -

Chorus 2

May I never know what it is like to live a day
Without thanking you for every single way
You show love to me
May I never know what it is like to take a step
Without knowing it is guided by your lamp
The light that always leads me home
And may I never leave the covering of God

Chorus 3

May I always know what it is like to have a friend
Who I know is sticking with me til the end
And will never let me go

Misc 4

(TAG)

Oh I thank you for the covering of God
I'm so thankful for the covering of God
